1. **Aims and Objectives**

- 1.1. Oakwood strives to be a fully inclusive and welcoming school and therefore aims to ensure that each and every pupil can participate fully in the life of the School.
- 1.2. We treat all pupils fairly and with respect and ensure that all pupils are provided with access and opportunities without any discrimination of any kind.

2. **Definition of Disability and Scope of the Plan**

- 2.1. All schools are required under the Equality Act 2010 to have an accessibility plan.
- 2.2. This plan meets the requirements of the Equality Act 2010 and the DfE guidance for schools on the Equality Act 2010.
- 2.3. The Equality Act 2010 defines an individual as disabled if they have a physical or mental impairment that has a 'substantial' and 'long-term' adverse effect on their ability to undertake normal day-to-day activities.
- 2.4. Under the [Special Educational Needs and Disability \(SEND\) Code of Practice](#), 'long-term' is defined as 'a year or more' and 'substantial' is defined as 'more than minor or trivial'. The definition includes sensory impairments, such as those affecting sight or hearing, and long-term health conditions such as asthma, diabetes, epilepsy and cancer.
- 2.5. Schools are required to make 'reasonable adjustments' for pupils with disabilities under the Equality Act 2010, to alleviate any substantial disadvantage that a pupil with disabilities faces in comparison with a pupil without disabilities. This can include, for example, the provision of an auxiliary aid or adjustments to premises.
- 2.6. The plan is made available online on the school's website and paper copies are available upon request.
- 2.7. We are committed to ensuring that staff are trained in equality issues with reference to the Equality Act 2010, including understanding disability issues.

3. **How the Plan is Constructed**

- 3.1. Oakwood includes a range of stakeholders in the development of this accessibility plan including the Headteacher, SENDCo, the SLT and Estates Manager.
- 3.2. Oakwood also consults staff with responsibility for the induction arrangements for new pupils to ensure that the particular needs of disabled pupils are recognised in advance, that suitable staff training is provided and that any modifications to the curriculum or premises are fed into the plan before the arrival of the new pupils.

4. **Review and Monitoring**

- 4.1. This policy and plan is reviewed every 3 years but may be reviewed and updated more frequently if necessary. It is reviewed by the Headteacher and SENDCo and approved by the Education and Safeguarding Governor Committee.
- 4.2. An [Accessibility Audit](#) was carried out in September 2023. The outcomes were used to help identify needs and inform future planning.

5. The Accessibility Plan

5.1. This plan sets out the aims of our accessibility plan in accordance with the Equality Act 2010.
